December 25, 2017

To: CM Centers' President/Secretary/Acharyas

Hari Om!

Happy New Year to you and all members of your center!

This year is very significant for all CM centers, especially to us in CMW as we observe the 25th Mahasamadhi year of Pujya Gurudev. The major event is going to be the MSC 2018 in San Diego. Details of this camp is already sent to all the centers. Please pass on to all members through your usual channels of communication.

It is also important for all centers to step up the ongoing activities to next level as special offering to the memory of Pujya Gurudev. We do notice that a significant part of your congregation has young parents, who can play special role in bringing in new enthusiasm and creativity in the ongoing activities.

For this, may I request you to specially identify few young parents (in the setukari age group of 28-40) and inspire them to come for MSC 2018? CMW Board will have a special meeting with them and share ideas to implement in all centers.

Swami Ishwarananda of CMLA, who will be handling the setukari program in MSC will stay in touch with you regarding this. I would like you to start this process soon and I thank you in advance for seriously considering this.

My best wishes!

In His Service,  
Swami Shantananda  
President, Chinmaya Mission West
